We are having good success with people signing up for the November Pumpkin bake-off contest. We are working on advertising the December Festival of Wreaths.
We have a proposal from Earth, Waste & Metal for a paper / cardboard drive. With board approval, they will bring a container for card board (probably 30-yard) and plastic totes for newspaper. They will contact Manchester Newspapers to see if they will donate their leftovers to us and we can ask stores & businesses and the public to donate newspaper and cardboard for a 4-6 week period this fall. If successful, we can do this again in the spring.

We have new lighting in the stacks, a new furnace, pipes insulated, and new shrubbery out front.

Upcoming programs
Quilling, twice monthly
HeadStart 2 groups, once monthly
Disaster Preparedness Oct 21
Halloween Story Teller October 25
Lucy's birthday November 8
Pumpkin Bake-off event, part of November First Friday
December: cookie exchange
Friends' Chocolate Lovers' Contest February 13

Business
The Museum received three visitors during the antique car show on Sunday, September 28. Volunteer Donnyel Dennison worked the museum.

Green Mountain College has scheduled a field trip to the Museum on Monday, November 10 from 3:00-5:00pm. Mary-Ann Carey has volunteered to open the museum. A board member with key/code will be needed to open/close the building. Mary-Ann is arriving at 2:30pm.

The Museum has received a $1500 grant from Berkshire Bank to provide several off-site educational programs to schools. Board Treasurer, Bob Tatko and I are currently coordinating with Berkshire Bank manager Roxanne Waters to determine the venues.

The NYSDEC’s magazine "NYS Conservationist" has featured a brief article on the Passenger Pigeon in its October issue. They list fifteen places where one can view the pigeon. Of course, the Pember Museum is listed and the Adirondack Museum which has one of Pember’s pigeons. Photos in the article are of both exhibits. Several complimentary copies are available.

I’ve created a new artifact exhibit in tabletop case G7. It includes a 1792 Broad Axe (Pember collection), vintage braided trays from the Philippines, cassowary shinbone dagger, iron tomahawk (Pember collection) and a 1826 gourd water dipper. We have received positive responses.

Attached you will find a newly created floor plan of the Museum and a list of the exhibits. The exhibit case numbers and letters were already in place and I understand that they do not "flow" logically. However, since our collection records refer to these identifications, they need to remain as-is for the moment. The large exhibits are numbered while the free-standing and wall exhibits are alphabetical. Some cases did not have a letter and therefore I had to be creative in assigning one.
